I Definition von Ganztagschulen

Die gesellschaftliche Bedeutung von Ganztagschulen bzw. -angeboten in Deutschland ist in den letzten Jahren deutlich angestiegen. Ursächlich hierfür sind zwei Entwicklungslinien: der hohe Bedarf nach ganztägiger Betreuung zur Vereinbarkeit von Familie und Beruf sowie die insbesondere durch die Ergebnisse der OECD-Studie PISA angeregte Diskussion über die besten Rahmenbedingungen für schulisches Lernen, zu denen viele Wissenschaftler, Lehrer, Eltern und Politiker auch die Ganztagschule zählen. Die in vielen Ländern entwickelten Konzepte und Maßnahmen zum Ausbau des Ganztagschulbetriebs im Primar- und Sekundarbereich I fanden in der vorliegenden Analyse der Jahre 2002 bis 2006¹ ihren Niederschlag. Da sich das Ganztagschulsystem noch im Aufbau befindet, ist allerdings davon auszugehen, dass sich die Zahl der Ganztagschulen auch in Zukunft weiter erhöhen wird.

Die Kultusministerkonferenz berücksichtigt bei ihrer Definition von Ganztagschulen² sowohl den Gesichtspunkt der ganztägigen Beschulung als auch den der Betreuung. Ganztagschulen sind demnach Schulen, bei denen im Primar- und Sekundarbereich I

- an mindestens drei Tagen in der Woche ein ganztägiges Angebot für die Schülerinnen und Schüler bereitgestellt wird, das täglich mindestens sieben Zeitstunden umfasst,
- an allen Tagen des Ganztagschulbetriebs den teilnehmenden Schülerinnen und Schülern ein Mittagessen bereit gestellt wird,
- die Ganztagsangebote unter der Aufsicht und Verantwortung der Schulleitung organisiert und in enger Kooperation mit der Schulleitung durchgeführt werden sowie in einem konzeptionellen Zusammenhang mit dem Unterricht stehen.

Diese Definition trifft auf alle verschiedenen Formen der Ganztagschulen in den Ländern zu. Die jeweiligen Bezeichnungen der Ganztagschulen unterscheiden sich in den Ländern. Ebenso unterschiedlich stellen sich weitere organisatorische und inhaltliche Gegebenheiten dar, wie z.B. die Öffnungszeiten (zwischen drei und fünf Tagen pro Woche und zwischen sieben und neun Stunden pro Tag), die Differenzierung von für die Kinder verpflichtenden und frei-

¹ Entspricht den Schuljahren 2002/03 bis 2006/07.

² Gezählt werden immer Ganztagschulen als schulartspezifische Einrichtungen. Die Daten werden nach Schularten untergliedert, d.h. wenn eine Ganztagschule über einen Haupt- und einen Realschulzweig verfügt, werden beide gesondert ausgewiesen. Die Summe der Einrichtungen nach Schularten ist daher nicht identisch mit der Zahl der Verwaltungseinheiten. Lediglich die Ganztagschulen Mecklenburg-Vorpommerns wurden 2002 und 2003 als Verwaltungseinheiten ausgewiesen, da andere Zahlen noch nicht verfügbar waren. In Hessen wurde die Anzahl der Schüler für 2002, die eine offene Ganztagsbetreuung in Form einer „Pädagogischen Mittagsbetreuung“ wahrnahmen, geschätzt, da Daten hierzu noch nicht vorlagen.

willigen Elementen des jeweiligen Angebots oder der Umfang von ergänzenden Ferienangeboten.

Es werden drei Formen unterschieden:

- In der **voll gebundenen Form** sind *alle* Schülerinnen und Schüler verpflichtet, an mindestens drei Wochentagen für jeweils mindestens sieben Zeitstunden an den ganztägigen Angeboten der Schule teilzunehmen.
- In der **teilweise gebundenen Form** verpflichtet sich *ein Teil* der Schülerinnen und Schüler (z.B. einzelne Klassen oder Klassenstufen), an mindestens drei Wochentagen für jeweils mindestens sieben Zeitstunden an den ganztägigen Angeboten der Schule teilzunehmen.
- In der **offenen Form** können *einzelne* Schülerinnen und Schüler auf Wunsch an den ganztägigen Angeboten dieser Schulform teilnehmen. Für die Schülerinnen und Schüler ist ein Aufenthalt, verbunden mit einem Bildungs- und Betreuungsangebot in der Schule, an mindestens drei Wochentagen im Umfang von täglich mindestens sieben Zeitstunden möglich.

Die Teilnahme an den ganztägigen Angeboten ist jeweils durch die Schülerinnen und Schüler oder deren Erziehungsberechtigten für mindestens ein Schulhalbjahr zu erklären. Aus Sicht der am Ganztagsschulbetrieb teilnehmenden Schülerinnen und Schüler besteht kein Unterschied zwischen voll und teilweise gebundenen Ganztagschulen.

Gezählt werden neben der Anzahl der Ganztagschulen die am Ganztagsschulbetrieb teilnehmenden Schülerinnen und Schüler, nicht aber die an der jeweiligen Schule zur Verfügung stehenden Plätze.

Neben den Ganztagschulen im obigen Sinne gibt es weitere Formen von Ganztagsangeboten für Schülerinnen und Schüler, z.B. in der Verantwortung der Jugendhilfe (beispielsweise Betreuungsangebote in Kindertageseinrichtungen und Horten), die im Rahmen der Schulstatistik schwer zu erfassen sind und somit nicht ausgewiesen werden können.

Weitere Erläuterungen und Definitionen zu den verwendeten Begriffen und Methoden können im Sekretariat der Ständigen Konferenz der Kultusminister der Länder in der Bundesrepublik Deutschland angefordert werden³.

Allgemeine Fußnoten

BB:

1. Mehrfachnennung der Einrichtungen durch KMK-Zuordnung von Schulformen (z. B. Grundschulen, die in BB die Jahrgangsstufen 1-6 umfassen, werden in KMK-Abfragen jeweils der Grundschule 1-4 und der Orientierungsstufe zugeordnet; ähnlich bei auslaufenden Schulformen an Oberschulen).
2. Da zum Schuljahr 2006/07 vornehmlich offene Ganztagsprojekte an Schulen genehmigt wurden, schlägt sich das mehrfach in der Zahl der Schule (Einrichtungen) nieder, aber nicht gleichermaßen in der Teilnehmerzahl.

MV:

Bei Schulen handelt es sich um Verwaltungseinheiten, nicht um schulartspezifische Einrichtungen (Tabellen 2.1.1 ff)

1 Verwaltungseinheiten mit Ganztagsbetrieb 2002 bis 2006
